25X1

A special corps of porters or concierges for the buildings of Bucharest is now being formed. This corps will be composed of members of the Rumanian Workers Party or the Militia who are not over thirty-five years of age and will replace the porters presently employed.

25X1

Comment: In view of the known use of building porters by European police, the formation of a special corps of such porters would appear to indicate that internal Rumanian security is being tightened.
